

INSTRUCTIONAL TECHNOLOGY COACHING PROGRAM

In the dynamic landscape of education, embracing technology isn't a choice; it's a necessity. As you strive to meet state standards and surpass district goals, the Learning Technology Center is your steadfast partner in achieving instructional excellence.

Our instructional technology coaching program offers a cost-effective solution for enhancing teacher effectiveness, improving student outcomes, and ultimately, achieving academic success.

Let an LTC Instructional Technology Coach move your district's strategic goals forward. See how coaching is the perfect fit for supporting your mission and vision.

Sample District Strategic Goals	LTC Instructional Coach Support
<p>“All students will have the skills, understanding, and personal characteristics for learning, working, and living as productive citizens.”</p>	<p>Our coaches assist educators by providing up-to-date and realistic application of the safe, efficient, and effective use of technology.</p>
<p>“By bringing highly qualified leaders and personnel to our district, we are committed to producing lifelong learners who are college-bound, career-ready, and able to compete in a global society.”</p>	<p>Our coaches have classroom experience and several distinguished certifications. They understand pedagogy and technology. They have daily access to highly qualified staff at the LTC. Our coaches have each other, working as collective hivemind.</p>
<p>“Teachers will engage students in 21st-century learning daily (communicating, collaborating, being creative, and thinking critically), including the use of technology.”</p>	<p>Our coaches assist educators in identifying technologies and strategies that help streamline organization and instruction to reach learning goals. They provide resources and support.</p>
<p>“We believe that ongoing staff development will provide staff the skills to deliver quality instruction and help our students to become life-long, successful learners.”</p>	<p>Our coaches provide job-embedded, real-time, sustained professional development tailored to individual teacher needs, meeting teachers where they are today.</p>
<p>“We will prepare citizens who will be competent in communicative skills, qualified in problem-solving, skilled in creative and critical thinking, knowledgeable of technological tools, interdependent in a global multicultural society, and inspired as lifelong learners.”</p>	<p>While teachers focus on pedagogy, our coaches can assist them by keeping up with technology trends, understanding student privacy concerns, learning new technology programs, and helping bridge the gap between the I.T. department and educators.</p>
<p>“We value a highly qualified staff that are ethical, well prepared, and energetic with the use of technology to promote and enrich the learning process.”</p>	<p>Our coaches act as a collaborator, co-teacher, and safety net” for teachers who are hesitant to implement new technologies. They meet teachers where they are at.</p>
<p>“We aim to integrate the use of technology to enhance the quality of learning for students and staff.”</p>	<p>Our coaches help make curriculum more engaging for students by infusing technology. They model lessons and provide guidance during lesson planning.</p>
<p>“Our goal is to provide up to date technology for our students and staff, and training to assure effective use of technology.”</p>	<p>Our coaches stay up-to-date with current technologies and have the time and opportunity to research and find quality resources to bring to teachers, easing teacher workload</p>

INSTRUCTIONAL TECHNOLOGY COACHING PROGRAM

WHY SHOULD YOU HIRE AN LTC INSTRUCTIONAL TECHNOLOGY COACH?

Affordable

Through a cost-sharing model, school districts can access the benefits of coaching without adding staff or committing to a full-time employee.

Custom Plans

Prior to starting the program, participating school districts select the total number of contractual days ranging from 10 to 170.

Embedded Support

Provide your team with individualized, ongoing support throughout the school year, helping them grow and reach their goals.

Technology is evolving rapidly and will continue to play a role in students' lives after graduation. School districts devote a substantial budget to technology devices and by partnering with the LTC Instructional Technology Coaching Program you're not just investing in technology; you're investing in your teachers, your students, and the future of your school.

Recognized as a "Story of Innovation" in the 2024 NETP Report and a State Achievement award winner for Digital Content by SETDA in 2023, the LTC Instructional Technology Coaching Program serves as a catalyst for innovation, ensuring that educators are equipped with the necessary tools and strategies to integrate technology seamlessly into the curriculum. Our coaches provide ongoing professional development and personalized support aligned to each teacher's instructional goals.
