

LTC

TECH MENTOR PROGRAM

Empowering the Next Generation of Tech Leaders

Opportunity Overview

The LTC Tech Mentor Program is entering its third year. Once again, we are offering scholarship sponsorships to expand access for aspiring tech professionals who face financial or systemic barriers to entering the tech industry. Our program provides complete access to mentorship, learning tools, workshops, and career coaching. By supporting our scholarship fund, your company will directly enable upward mobility through real-world career pathways and help diversify the tech talent pipeline.

Our Mission

Empower the next generation of tech leaders by funding access, opportunity, and mentorship.

Our Goal

To secure sponsorships to fund at least 10 scholarships for high-potential mentees in the 2026-2027 school year. Each scholarship helps an individual unlock the next stage of their tech career.

Scholarship Impact ✨

Each scholarship costs \$1,500 and directly covers the costs associated with one mentee's participation in the program. This includes:

- Mentee chooses one of the following options:
 - Free: 15-hour mentoring package (Value \$1,500)
 - \$300: 20-hour mentoring package (Value \$1,800)
 - \$1,550: 40-hour mentoring package (Value \$3,050)
- Free Screen Print T-Shirt with Sponsor Logos
- 50% discount on Registration to IETC + In-Person Meetup at IETC
- 100% Paid registration for SecurED Schools

Sponsorship Type	Ally	Champion Sponsor	Lead Scholarship Partner
Number of Scholarships	1	5	10

Marketing Visibility	Name listed	Logo on materials & social media	Logo on materials & social media
In-Person Meetup Co-Host	X	X	Co-host in person meetup
Speaking Time	X	X	3 minute speaking time
Impact Story	X	X	Scholar impact story

Why Partner With Us?

Your sponsorship positions your company as:

- A champion of tech education and talent development.
- A direct enabler of upward mobility through real-world career pathways.
- A committed partner in growing the future K-12 tech workforce.
- Connect with the next generation of K-12 tech leaders.

You'll gain recognition as a catalyst for equity and innovation through co-branded scholarships, visibility at our events, and spotlight stories that showcase your commitment to the tech community.

Join Us!

We are seeking companies and organizations that support tech education and workforce development, are passionate about giving back to the K-12 and edtech community, and want to nurture and diversify the tech talent pipeline.

Join us in creating pathways into tech for underrepresented talent. Your impact will ripple across communities, careers, and the future of innovation in our K-12 community.
