

vCISO Program

Fractional cybersecurity support and leadership

Cybersecurity is no longer just an “IT problem.” It’s a leadership priority, and hiring a full-time cybersecurity expert is out of reach for many Illinois K–12 districts. The vCISO Program bridges that gap by providing fractional, senior-level cybersecurity leadership—not replacing your IT staff, but empowering them with a “third voice in the room” that speaks the language of cybersecurity, risk, and governance.

01 ONE PACKAGE. EVERYTHING INCLUDED.

Cybersecurity Assessment

- Annual Cyber Risk Posture Report
- NIST CSF & CIS Controls Crosswalk
- Dynamic Risk Register
- Insurance Readiness Summary

Strategic Planning

- 12-18 Month Cyber Roadmap
- Executive Prioritization Matrix
- Tied to your budget and staffing reality

Policy & Data Privacy Compliance

- Policy Gap Analysis
- Third-Party & Vendor Risk Review (SOPPA)
- Plain-Language Policy Summaries
- Policy & Governance Alignment

Ongoing Monitoring & Reporting

- Monthly Cyber Signal Summary
- Monthly Phishing Simulation Campaigns
- Signal Trend Analysis
- Staff Awareness Summary

Incident Response Playbook & Testing

- Incident Readiness & Response Planning
- Incident Response Playbook
- Annual Tabletop Exercises

Board Reporting & Executive Advisory

- Board-Ready Cyber Risk Briefing Deck
- Superintendent Summary Memos
- Quarterly Advisory Check-ins + Ad Hoc Support
- Centralized Cyber Documentation Repository

1

Before the Kickoff

GATHER DATA

Do not create any new documentation — we gather your cybersecurity data for you: previous assessments, cyber insurance questionnaires, your SOPPA vendor report, district org chart, and any SOPs or work instructions.

2

Kick-Off Meeting

1 HOUR

Guidance statement activity · Discuss deliverables · Review the one-year roadmap · Set 3-month milestones · Assign tasks

3

Collect & Ingest Data

Securely collect data · Loop back for missing data · Map data to vCISO Standards, Level 1 · Gap analysis · Risk analysis from gaps

4

Analysis Report & Planning

Review gap and risk results · Build one-year priority work · Develop the 3–5 year plan · Plan deliverables · Analyze and review efforts · Gather feedback · Refine priorities and plans · Iterate and repeat

03 HOW WE WORK TOGETHER

We Advise. You Decide. Your Team Implements.

The vCISO Program focuses on leadership, planning, and decision support. We build a clear, prioritized plan, provide board-ready reports, and guide your team through key decisions. Your IT staff and vendors continue to handle the hands-on work, while your leadership team determines what to fund and what to monitor.

Simple and predictable pricing. One price, one invoice, and everything included.

04 ANNUAL SUBSCRIPTION PRICING

STUDENT ENROLLMENT	ANNUAL FEE
Under 500	\$3,000
501–1,000	\$4,000
1,001–2,500	\$7,500
